

**Beluga Transatlantic Racing –
a limited collection created
in honor of the victories
of the Beluga yachting team**

BELUGA
TRANSATLANTIC
Racing

Beluga Transatlantic Racing is a limited edition Beluga vodka, created in honor of our yachting team, which has gained sparkling victories in a number of prestigious international championships: Louis Vuitton Trophy 2008, Audi MedCup 2008, TP52 World Championship and Megles 32.

Its unique formula – the foundation of Beluga Transatlantic Racing – requires Beluga’s traditional blend of barley malt and extract of wild strawberry, which renders the vodka smooth, pure and elegant.

Purification technology and 45 days long period of “rest”, used in the creation of Beluga Transatlantic Racing, softly works on the purest artesian water from Siberia facilitating the birth of that very flavour, which has brought Beluga Transatlantic Racing world renown.

The spirit of maritime adventure and yachting romanticism is reflected in the appearance of the Beluga Transatlantic Racing bottle: a conceptual, sea design with the use of classic elements reflects the essence of this product and the brand as a whole.
