JORDAN The Long Fuse Cabernet Sauvignon 750ml

About the wine

Progressive techniques such as overhead fermenters, pump-overs and gravity flow allow for the extraction of fully developed flavours and soft ripe tannins without compensating the tension and elegance captured from the various cabernet slopes. Here especially, the climate plays a significant role to allow great fruit expression and classic essences of cedar, brambles and toasted tobacco.

Unique selling points

- Soft and elegantly styled, not powerful
- Variety of slopes = complexity in final wine
