

BOCA

IGP Côtes Catalanes

Creations

Winegrower's note

Boca means « mouth » in spanish. With a very fruity and fresh mouthfeel, it pays tribute to the wines of the Catalan region. The bottle is very representative of the colourful and typical landscapes of the Catalan coast.

Winemaker's note

The White Grenache grapes come from high altitude plots that guarantee a nice natural freshness and an optimal maturity.

The grapes are harvested at night to avoid any oxydation; and they are cooled down before the pressing to optimize the aromatic potential of the juices. The fermentation is made at low temperatures to obtain the best aromatic intensity possible. The maturation is made on fine lees for a great smoothness on the palate.

Tasting notes

A white Grenache rather mineral with fresh and lemony notes. A great balance on the palate, combining freshness with a very gentle finish.

To enjoy at 12-13°C with grilled fish with pan-cooked vegetables.
